Subject: Complaint and Request for Investigation - Fraudulent Investment Scheme "ProfitEdge Capital"

Dear Sir/Madam,

I am writing to report a suspected fraud involving an online investment platform called "ProfitEdge Capital". On 4 September 2026 I saw a Facebook advertisement claiming SECP registration and guaranteed 8?% weekly returns. I was contacted on WhatsApp by a person identifying himself as "Zain", who assured me the scheme was safe and that withdrawals could be made at any time. Between 8 September and 10 October 2026 I transferred a total of Rs. 2,100,000 by bank transfer in four installments to accounts titled ProfitEdge Capital, Ali Enterprises and M. Usman TradeRs. The platform's dashboard subsequently displayed a balance of Rs. 3,894,000.

On 18 October I attempted to withdraw the amount, but the system blocked the request and demanded a "15?% government tax" of Rs. 584,100, a condition that had never been disclosed. On 22 October the manager threatened to freeze my account unless I paid the tax and then blocked all communication. I have verified that no registration exists for ProfitEdge Capital and that the website domain was created only 24 days before my first contact. I reported the matter to my bank on 23 October and received reference number [Bank Reference No.].

I request that your department open an investigation, trace the bank accounts, and take appropriate legal action to recover my funds and prevent further victimisation. I am ready to provide all relevant documents, screenshots and bank statements upon request.

Best regards,
